Mr. H. E. Lyon, Director
Office of Safeguards and Security
Department of Energy
Washington, D.C. 20545

Dear Mr. Lyon:

Your March 2 letter references two CIA documents requested by the House Subcommittee on Oversight and Investigations of the Committee on Interstate and Foreign Commerce. These documents were prepared by the Operations Directorate--not by the National Foreign Assessments Center nor its predecessor, the Intelligence Directorate. NFAC, therefore, has no releasing authority over them. I believe you have already contacted the Operations Directorate on this matter.

Sincerely,

[Redacted Signature]
